**LI: To explore how volcanoes are formed and understand
the process of eruption**

SC:

I can explain what happens during an eruption

I can comment on the stages that people would witness

I can talk about the consequences of eruption

LI: to explore how volcanoes are formed and understand the process of eruption

SC:

I can explain what happens during an eruption

I can comment on the stages that people would witness

I can talk about the consequences of eruption

Task

You are a news reporter in the time of Marcus and Tata – Pompeii is under attack, a large volcanic eruption took place and people are screaming and running to find shelter elsewhere. Film a live news report, letting the people of Italy know what happened.

Challenge: research on current volcanic eruptions around the world, why are they so current in countries like Hawaii and not the UK?
