

**We are a voluntary group of parents and carers  
of children and young people aged 0-25 with special educational needs  
and disabilities(SEND) in Waltham Forest**

Our aim is to provide opportunities for parents and carers to influence the decisions that affect their families, and to contribute to developing services that meet their families' needs. We also aim to support families by sharing experiences and building networks. If you are a parent or carer of a child or young person with special educational needs and disabilities and want better services for them.....
